

SKILL BUILDER 2

Solve each problem. Then, check your solution.

1. Mattie read 378 pages of a book during his vacation. He read the same number of pages each day. His vacation was 7 days long. How many pages did he read each day?

Solution:

Toolkit:

2. Olivia is sewing 6 identical dresses. She needs 78 buttons to complete all the dresses. How many buttons are on each dress?

Solution:

Toolkit:

3. Find the values for points X and Y. Explain your strategy.

SKILL BUILDER 3

1. Locate the following numbers and their opposites on the number line.

-2	0	$\frac{1}{3}$	$-\frac{1}{3}$	$-\frac{2}{3}$	$-2\frac{2}{3}$
----	---	---------------	----------------	----------------	-----------------

Write the opposite of each expression.

2. -5	3. $ 14 $	4. $(9 - 7)$
5. $ 8 - 6 $	6. 0	7. 34

Simplify the absolute value expressions.

8. $ 14 $	9. $ -5 $	10. $- 5 $
11. $ 0 $	12. $ 9 - 7 $	13. $- 9 $

14. What is the opposite of the opposite of 10?
15. Simplify $-(-25)$
16. Simplify $-|-(5-1)|$
17. Stephanie says that $-(-5)$ and $|5|$ have the same value. Do you agree? Explain.

SKILL BUILDER 4

1. Label the two axes and four quadrants.

2. Graph the four ordered pairs below and connect them to form $\square ABCD$.

$A(0, 3)$, $B(4, 3)$

$C(4, 7)$, $D(0, 7)$

$\square ABCD$ is in Quadrant ____.

3. Draw $\square EFGH$ so that it is a reflection of $\square ABCD$ over the x-axis.

4. List the ordered pairs for $\square EFGH$:

$E(\underline{\hspace{1cm}}, \underline{\hspace{1cm}})$

$F(\underline{\hspace{1cm}}, \underline{\hspace{1cm}})$

$G(\underline{\hspace{1cm}}, \underline{\hspace{1cm}})$

$H(\underline{\hspace{1cm}}, \underline{\hspace{1cm}})$

5. Look at $\square EFGH$ and $\square ABCD$. Describe how the x-coordinates and y-coordinates of the vertices are related.

6. Draw $\square KLMN$ so that it is a reflection of $\square ABCD$ over the y-axis.

7. List the ordered pairs for $\square KLMN$.

8. Look at $\square KLMN$ and $\square ABCD$. Describe how the x-coordinates and y-coordinates of the vertices are related.
